## Thumper's Corner

### COLD RIDING

Last month's meeting was one of those nights. You wonder why you would even think about going to a motorcycle meeting. It was very cold, and was snowing, and the roads were nothing you really wanted to talk about. I had fought my way for two hours back to Denver, and was just glad to be home. The question that came to mind, was why would I want to go back out to go to a motorcycle meeting?

The meeting was a very light turn out, and we had, as it appeared, very little news or business to cover and go over for the evening. From my view point, I was kind of glad it was a short meeting. I was looking forward to getting home in front of the fireplace, and just relaxing from what had not been one of my better days in the world of motor transportation.

As my bride "Dino" and I were leaving, I got the word that she had not eaten all day, and could really go for some food that she did not have to go home and

cook. Game plan one out the window, and head up to the Village Inn to meet the folks from the club for a bite.

When we got there we were sitting with Vince Vincent, Brian Boberick, Bob Norton and Bill Gillrspe. Shortly into the meal, somehow the subject turned to some previous Three Flags Classics we had ridden over the years. There were some wonderful stories, and some great memories passed around. The next thing I know it is a little after 10:00 pm.

I guess the point of this is, that even though you can't ride, you can still enjoy motorcycling on a cold winter night. Hope to see you all at the March meeting, and if it is another cold night, bring along some great stories of days gone by.

Which reminds me -- You as members have ridden a lot of miles with the Colorado Freewheelers. Why not share some of those miles and your memories with the rest of us by writing an article for the Eagle Times? I know this rider/reader always enjoys a good story.

*Thumper*

## New Meeting Place

Although Jim Krebs of Fay Myers Motorcycle World refuses to offer a guarantee that the new meeting room will be ready, it is looking very good for our April meeting. So, after a twenty-three year run at Burt Chevrolet for our meeting place, we are moving.

**Starting April 15th the Colorado Freewheelers' new meeting home will be Fay Myers Motorcycle World.**

For those of you who don't know where Fay Myers is, their address is:

9700 East Arapahoe Road  
Greenwood Village

It is about 1/2 mile east of I-25 on Arapahoe Road. Our meeting time will remain the same at 7:00 PM. and is always the third Thursday of the month.

If some construction snag should occur, watch your e-mail. Otherwise, count on being at Burt Chevy in March, and Fay Myers in April for the meetings.

## Blooms 2004

Each year the founders of the Anchor Center offer spring flowers as a fund raiser. The plants are always very healthy and beautiful, as they are from the Busch Greenhouse.

See the order form in this issue for the opportunity to brighten up your gardens and offer a small helping hand to the Anchor Center for Blind Children.

# 20th Annual 1000-IN-24

The 20<sup>th</sup> Annual 1000-IN-24 Hey there Freewheelers, now is the time to start thinking about our annual "day" ride.

That's right the 20<sup>th</sup> Annual 1000-IN-24 endurance ride. The one that if you, as a member can ride for **free**, if you come up with this years route.

If you can come up with the route that the committee chooses as this years route you get all the goodies that all the other riders pay \$50 for, for absolutely nothing. That's right zilch, zero, nada.

Last years submissions that were not used will also be considered. The route will be selected on the merits of originality, scenic potential, and it must start and end with at least 50 miles of interstate.

The route that is chosen may also be changed somewhat by the committee, but the majority of it will be used. Submissions for the route must be in my hands by the evening of

the April meeting.

You can submit them by e-mail to [freewheelinfrank1@msn.com](mailto:freewheelinfrank1@msn.com) or by snail mail to Frank Heinzl, PO Box 16616, Denver, CO 80216, or bring them to the meeting.

The routes can be emailed as text or if you use routing software it must be in Expedia MS Streets & Trips format.

See you all on the road.
